## Increasing Opportunities for Women

Submitted by jcupp on May 17, 2014

"I always thought I wasn't smart enough to be a farmer and I had the silly idea that you have to be a man to farm. But two years ago, I made the choice to follow my passion and I absolutely love it," says Munira, a farmer from Bangladesh who received training from Feed the Future through USAID. Feed the Future empowers women smallholder farmers by providing opportunities for them to raise crops and generate income for their families. *Photo by Wasif Hasan, USAID*
